

Goat Anti-POLIOVIRUS 1/2/3 - HRP

#Cat: NB-47-05609-1ML Size: 1ml

Description:	Goat Anti Poliovirus 1/2/3:Hrp
Specificity:	Poliovirus
Format:	HRP
Product Type:	Polyclonal Antibody
Isotype:	Polyclonal IgG
Quantity:	1 ml

Product Details

Applications

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.neo-biotech.com

	yes	No	Not Determined	Suggested Dilution
Immunohistology - Frozen			▪	
Immunohistology - Paraffin			▪	
ELISA	▪			
Western Blotting			▪	
Immunofluorescence	▪			

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

Target Species	Viral
Product Form	IgG fraction conjugated to Horseradish Peroxidase (HRP) - liquid
Preparation	IgG fraction prepared by sodium sulphate precipitation
Buffer Solution	Phosphate buffered saline
Preservative	0.002% Thiomersal/Gentamicin sulphate 1% Bovine Serum
Stabilisers	Albumin

Approx. Protein Concentrations	IgG concentration 1.0 mg/ml
---------------------------------------	-----------------------------

Immunogen	Pool of purified poliovirus (types 1-3)
------------------	---

Specificity	Goat anti Poliovirus 1/2/3 antibody recognizes poliovirus, an enterovirus that is the causative agent of most paralytic poliomyelitis cases and is responsible for the majority of polio outbreaks during the first half of the 20th century. Goat anti Poliovirus 1/2/3 antibody recognizes poliovirus types 1, 2 and 3.
--------------------	--

Storage	<p>This product is shipped at ambient temperature. It is recommended to aliquot and store at -20°C on receipt. When thawed, aliquot the sample as needed. Keep aliquots at 2-8°C for short term use (up to 4 weeks) and store the remaining aliquots at -20°C.</p> <p>Avoid repeated freezing and thawing as this may denature the antibody. Storage in frost-free freezers is not recommended.</p>
----------------	---

Guarantee	12 months from date of despatch
------------------	---------------------------------

Health And Safety Information	Material Safety Datasheet documentation #10191 available at: www.neo-biotech.com
--------------------------------------	---

Regulatory	For research purposes only
-------------------	----------------------------
